

2022 Selection Criteria: Victorian Youth Categories

Dear Victorian Youth Climbers,

With 2022 Climbing Youth Nationals having been announced for June Sport Climbing Victoria will need to conduct a special selection process this year. The details of the selection process will be published shortly following the publishing of the SCA event infopack where state quota numbers will be released. The SCV selection process will follow the following principles and sequential process:

1. Consider first the Victorian athletes who achieved a podium position at the 2019 Climbing Youth Nationals and their current youth category. These athletes will be offered a position in their current youth category for the discipline in which that podium position was achieved.
2. Following quota offerings athletes based on 2019 youth national performance selection for each discipline will consider:
 - Lead: results from a selection event to be held in May 2022 (details to be announced very shortly)
 - Bouldering: results from Victorian Bouldering Titles 2021 with consideration of youth category changes
 - Speed: video submission of a speed run (details for requirements of these submissions to be announced shortly)

Maximum of three quota spots to be offered for each category and discipline at this stage.

3. Special considerations - athletes who do not qualify for a desired quota position via one of the above methods may express interest to compete through a written submission process. The selection committee will consider:
 - Medical/health reasons for not participating in qualifying events
 - Prior competition performance
 - Climbing experience and participation in a youth squad

Maximum of two quota spots to be offered for each category and discipline through special consideration

4. Any remaining quota spots not yet filled after special considerations will be offered to the athletes next ranked at the step 2 in the above process
