- 5.4 **Grooming** is a term used to describe what happens when a perpetrator of Abuse builds a relationship with a Child with a view to abusing them at some stage. There is no set pattern in relation to the Grooming of Children. For some perpetrators, there will be a lengthy period of time before the Abuse begins. The Child may be given special attention and what starts as an apparently normal display of affection, such as cuddling, can develop into sexual touching or masturbation and then into more serious sexual behaviour. Other perpetrators may draw a Child in and Abuse them relatively quickly. Some abusers do not groom Children but Abuse them without forming a relationship at all. Grooming can take place in any setting where a relationship is formed, such as leisure, music, sports and religious activities, or in internet chatrooms, in social media or by other technological channels.
- 5.5 **Harm** means Harm to a person or a Child is any detrimental effect of a significant nature to the person or Child's physical, psychological or emotional wellbeing. It is immaterial how the harm is caused. Harm can be caused by:

  - 5.5.3 a single act, omission or circumstance; and/or

Sexually offence behaviours can include the fondling of genitals, masturbation, oral sex, vaginal or anal penetration by a penis, finger or any other object, fondling of breasts, voyeurism, exhibitionism, and exposing the child to or involving the child in pornography. It includes grooming, which includes actions deliberately undertaken with the aim of befriending and establishing an emotional connection with a child under the age of 16 years (or their carer, family or supervisor) to lower their inhibitions and prepare them for engagement in a sexual offence.
- 5.7 **Mandatory reporter** means a person who is legally required to make a report to the Department of Health and Human Services or the Police if they form a belief on reasonable grounds that a child is in need of protection.
